

The Bear Went Over the Mountain Song  
Lyrics adapted by Judith E. Torres

1. The bear went over the mountain,  
and all that he could see,  
The bear went over the mountain,  
all that he could see,  
The bear went over the mountain,  
were some ants biting his tummy,  
To see what he could see,  
some ants biting his tummy,  
some ants biting his tummy,  
was all that he could see.

2. The bear went over the mountain,  
and all that he could see,  
The bear went over the mountain,  
all that he could see,  
The bear went over the mountain,  
was a porcupine that bumped him,  
To see what he could see,  
a porcupine that bumped him,  
a porcupine that bumped him,  
was all that he could see.

3. The bear went over the mountain,  
and all that he could see,  
The bear went over the mountain,  
all that he could see,  
The bear went over the mountain,  
was a skunk hiding in the trees,  
To see what he could see,  
a skunk hiding in the trees,  
a skunk hiding in the trees,  
was all that he could see.

4. The bear went over the mountain,  
and all that he could see,  
The bear went over the mountain,  
all that he could see,  
The bear went over the mountain,  
was another bear to scratch his back,  
To see what he could see,  
another bear to scratch his back,  
another bear to scratch his back,  
was all that he could see.
